Dear Parent/Caretaker:

Does a child under your care have special needs or do you know someone whose child may need special help?

Some children are born with or may later develop conditions that affect normal development and learning. Programs are available throughout the state of New Jersey to give these children the start they need.

The Hopewell Township school district offers a broad range of available services for school age children.

- For preschool children 3 to 5 years of age and students kindergarten through 8th grade, please contact the Child Study Team office at 451-0472 ext. 3, Kelli Manski, Child Study Team Supervisor.

These services are free for those youngsters who qualify under the Special Education criteria. A team of experts will meet and discuss your available options.
