September 8, 2022

Dear Parents/Guardians:

My name is Lori Brady and I am excited to serve your school community as Student Assistance Coordinator again this school year. Hopewell Crest School offers a Student Assistance Program of education, intervention and referral services for all students enrolled. This program is geared towards satisfying Federal, State and Local mandates for:

- Individual Student Support Services
- Social Emotional Learning
- Life Skills™ Training
- Prevention Programs (Alcohol, Tobacco, Vaping and other Drugs)
- Understanding Peer Pressure
- Bullying and Violence Prevention

While not clinical in nature, the Student Assistance Program is focused on the evaluation of, and guidance in, any issue that may interfere with your child's school performance and personal/educational growth.

If you have any questions or concerns, please contact me at lbrady@hopewellcrest.org, call me at the school in the Child Study Team office, or through the ASAP Office at the above provided contact number.

Sincerely,

Mrs. Lori Brady

Student Assistance Coordinator
